# GSM AUDIO INTERCOM AND ACCESS CONTROL

**VIDEX** — The Power to Secure

**4802R/S**

**4K1S/GSM/CL**

## GSM entry systems employing quad band mobile phone technology to communicate and operate doors, automatic gates and remote site applications.

With GSM comes freedom. Answer calls from your door or gate from any telephone number including your mobile so you never have to miss that important caller. Systems available for single call button applications up to 1000 apartment applications all with the facility to divert to a second number if the first is busy or unanswered.

**4000 SERIES STYLE**: Available with 1 – 50 individual call buttons or as a digital panel with either name scroll facility or alpha numeric keypad. Based on the 4000 Series modular system these panels are highly flexible enabling full customisation of panel features such as integral coded access or proximity access, available in a variety of panel finishes both surface and flush mounting (Face plates available in mirrored stainless steel, gold or matt aluminium, surrounds available in gun metal grey, chrome or gold). A vandal resistant version is also available for up to 10 individual call buttons also using the 4000 series frames (or custom size panel) but with a 12 gauge stainless steel face plate and IP68 rated vandal resistant call buttons. Digital panels employ a standard telephone keypad layout and benefit from call progress voice annunciation to guide the caller through the entire calling process, integral coded access for up to 1000 codes and a back lit 2 line x 16 character LCD display.

**VANDAL RESISTANT DIGITAL**: Available flush mounted and incorporating the same functionality used in the 4000 Series digital panel but with the added protection of a 12 gauge stainless steel face plate.

## PARTS

### KITS

| | |
|---|---|
| 4K1/GSM – 4K12/GSM | 1 – 12 button 4000 Series flush kits c/w 12Vdc 2A PSU and antenna |
| 4K1S/GSM – 4K12S/GSM | 1 – 12 button 4000 Series surface kits c/w 12Vdc 2A PSU and antenna |
| 4K1/GSM/CL – 4K12/GSM/CL | 1 – 12 button 4000 Series flush kits c/w keypad, 12Vdc 2A PSU and antenna |
| 4K1S/GSM/CL – 4K12S/GSM/CL | 1 – 12 button 4000 Series surface kits c/w keypad, 12Vdc 2A PSU and antenna |
| VR4K1/GSM – VR4K10/GSM | 1 – 10 button VR4K vandal resistant flush kits c/w 12Vdc 2A PSU and antenna |
| VR4K1S/GSM – VR4K10S/GSM | 1 – 10 button VR4K vandal resistant surface kits c/w 12Vdc 2A PSU and antenna |
| VR4K1/GSM/CL – VR4K10/GSM/CL | 1 – 10 button VR4K vandal resistant flush kits c/w keypad, 12Vdc 2A PSU and antenna |
| VR4K1S/GSM/CL – VR4K10S/GSM/CL | 1 – 10 button VR4K vandal resistant surface kits c/w keypad, 12Vdc 2A PSU and antenna |

### MODULES

| | |
|---|---|
| 4810N-0, 4810N-1, 4810N-2, 4810N-1D, 4810N-2D | 4000 Series GSM speaker module with 0, 1, 2 or 4 buttons |
| 4843, 4844, 4845, 4843D, 4844D, 4845D | 4000 Series 3, 4, 5, 6, 8 or 10 button module |
| Art.4800 | 4000 Series coded access keypad module |
| Art.4850 | 100 User self contained proximity reader module |
| VR4KGSM-0, VR4KGSM-1, VR4KGSM-2, VR4KGSM-3 | VR4K vandal resistant GSM speaker module with 0, 1 or 2 buttons |
| VR4KBM-4, VR4KBM-5, VR4KBM-6, VR4KBM-7, VR4KBM-8, VR4KBM-9 | VR4K vandal resistant 4, 5, 6, 7, 8 or 9 button module |
| VR4KCLM | VR4K coded access keypad module |
| Art.4802 | Digital 4000 Series panel (2 modules in size) with alpha keys A-F |
| Art.4802R | Digital 4000 Series panel (2 modules in size) with name scroll facility |
| 4881, 4882, 4883, 4884, 4886, 4889 | 4000 series 1, 2, 3, 4, 6 or 9 module surface frames for 4000 Series and VR4K Series modules |
| 4851, 4852, 4853 | 4000 series 1, 2, or 3 module flush frames for 4000 Series and VR4K Series modules |

### VANDAL RESISTANT DIGITAL

| | |
|---|---|
| VR4802 | Flush vandal resistant digital GSM panel |

### ANTENNA AND PSU

| | |
|---|---|
| 432 | Antenna |
| 324 | 12Vdc 2A switched mode din rail/wall mount power supply |
